

SCHOOL CHOICE OPEN HOUSE

Event details

- Wednesday, May 8th, at NAZ Central
- Families may attend either session: 3-5pm or 6-8pm
- Dinner will be provided
- Target: 56 families attend open house

Talking Points

- NAZ is hosting an open house event for NAZ parents interested in exploring school options because evidence indicates NAZ scholars benefit more from the relationship with their coach when they also attend a NAZ Anchor School compared to scholars who do not
- We have added support within our Anchor Schools through staff and resources
- The anchor school guidebook provides additional information about our Anchor Schools
- We encourage all families to investigate the options for each scholar in their home

Logistics

Family Achievement Coaches are expected to contact all families on their rosters to discuss school choice for the 2019-2020 school year:

- Enter notes and log activity as normal
 - Please note if families need further support to select school, navigating existing school, or want more information about choosing a high performing school.
- Manage goals and steps as normal. Remember, education goals are set on scholar records
- Be mindful of transitioning scholars in particular. These scholars are highlighted on the *Coach Roster* report for easy identification.

For families who RSVP for the open house, their coach also completes the Participation subtab as indicated:

Create a separate instance for each activity/event. DO NOT overwrite instances.
