As specified in NAZ Collaborative Partner Memorandum of Understanding, agency hires staff members who are interested in and committed to positive interactions with children and youth, and demonstrate a commitment to a cultural of achievement.

- Position Posting language and hiring practices explicitly assess commitment to positive interactions and a culture of achievement.

Program services are provided in line with NAZ values to promote a context that is positive, respectful, engaging, and fosters a culture of achievement.

- Hiring practices specify and select for staff who demonstrate respect.
- Scheduling of program services provides opportunities for social interaction.
- Professional development for staff continuously emphasizes respectful, engaging, and positive services.

Program services are fully aligned with and reflect continuous participation in NAZ data collection, progress monitoring, coordination, review, and program improvement processes.

- Maintain regular data entry in NAZ Connect
- Coordinate with NAZ Academic Navigators and other program staff.

The ExL program is designed to promote youth engagement, variety, and variation from the regular school day.

- Programs focus on youth engagement and enrichment.

The ExL program follows the NAZ focus on an integrated approach to developing the Skills, Habits, Attitudes, Relationships, & Personal characteristics necessary for college readiness.

- Program staff emphasize development of effective habits and attitudes, in addition to academic skills during interactions with students.

| The Youth Program Quality Assessment (YPQA) tool is used to identify program areas needing improvement. | • Any staff member conducting the YPQA is trained to administer the assessment according to standardized administration instructions.  
• When conducting the YPQA, assessment is focused on academic components of the program.  
• After assessment with the YPQA, a program improvement plan is developed and implemented.  
• Participating in annual NAZ check-in session (to be developed) to support use of YPQA process by the organization. | In first year of NAZ partnership, then alternating years. |
| Program demonstrates a professional development infrastructure that uses a standardized and structured observation of classroom instruction to inform the focus of coaching/supervision activities for academic support staff. | • Validated, standardized assessment of classroom instruction.  
• Time and resources allotted for coaching/ supervision activities.  
• Coaching sessions also use child progress data to inform need for alteration to programming. | • Observation = at least 2x/year  
• Coaching = at least 1x/month (1/2 hour per session)  
• -Note: this coaching level can be reduced as practitioner skill level warrants. |

External Conditions:

All programming will take place in a clean, safe space that is large enough to accommodate participants. There must be enough tables and chairs for all children and the environment appears to reflect and express youth interests and work. For children’s safety, all staff members are trained in first aid and CPR and have response plans for fires and injuries. A staff person monitors access and implementation of a check-in process to ensure a safe environment for children.
